

Stargazing at Dover Castle

Thank you for booking your place at our upcoming stargazing event! Here are some important details and instructions to ensure you have the best experience.

1. The event will take place from **6-8pm** at **Dover Castle**.
2. Parking is available in **Palace Green Car Park** at Dover Castle. Gates open at **5.30pm**. If you need help getting there, email DYF@futurefoundry.org.uk for more info.
3. As evening events can get chilly it's essential to **dress warmly**.
4. Please bring a **torch** or ensure your phone has a torch function to help you navigate in the dark.
5. **Telescopes** will be provided for you to take turns using if the sky is clear, but feel free to bring your own **binoculars** or other stargazing equipment if you wish.
6. You are welcome to bring a **folding chair** or **blanket** for added comfort during the session.
7. To enhance your stargazing experience, we recommend downloading a stargazing app on your phone ahead of the session. Here are a few great options, including free ones:
 - **Stellarium** (Android and iPhone)
 - **Sky Map** (Android)
 - **SkyView Lite** (iPhone)
8. To help preserve your night vision while stargazing, you might want to make your phone screen red. You can find a tutorial for iPhone [here](#), or if you're using Android, apps like **Twilight: Blue Light Filter** or **Red Light** can help.
9. The event is **weather dependent** and may be changed or cancelled at short notice if conditions are unsuitable for stargazing. Changes will be communicated by email.
